

KODIAK MULTICULTURAL ARTS INSTITUTE

LIITUKUT ALLRINGURMI

WE ARE ALL LEARNING TOGETHER

July 28-August 2

The Kodiak Arts Institute revolves around both intercultural and multicultural education—the philosophy that recognizes the role teachers and schools can play in developing culturally inclusive attitudes and values necessary for a democratic society. Culturally inclusive classrooms help all students cultivate a positive self-concept as they learn about the histories, cultures, and contributions of various diverse groups in an environment that is flexible, understanding and supportive of multiple perspectives and experiences.

During this 5-day event, participants will use the arts as a venue through which to recognize and understand our own culture first and throughout the week consider and apply ways that we can transform classrooms in positive ways.

Presented By:
**Alaska Arts Education Consortium &
Kodiak Island Borough School District**

REGISTRATION

\$249 member districts

\$349 non-member districts

To register, go to:
